<p><b>Programs</b></p> 	<p>Our Programs are different from those provided under third-party reimbursement coverage (including Medicare). We provide social programming and a variety of groups and activities that allow survivors to meet their life goals. <u>You</u> will decide what your future looks like and sign up for the appropriate groups and activities and we will support you along your road to recovery. No one is turned away for inability to pay. We offer a sliding scale based on the Fairfax County Income Table (applying Health and Human Services standards). Sliding Scale fees are based on household income. We will continue to offer our programs at affordable prices.</p> <p>If you think you are entitled to insurance reimbursement, we will be happy to help you find an appropriate facility.</p>
